

FIBRE PIGTAILS REFERENCE CHART

MSS Fibre pigtails provide a fast and simple way to terminate cables in the field, conveniently available in 6 packs and 12 packs colour coded to TIA-598C or single colour packs in orange, aqua and yellow.

Cable management within an enclosure and splice cassette is easy with the 2 metre long tails that can be cut back to suit any application. Performance of these pigtails has been tested to IEC 61300-3 to ensure optimum network performance and transmission quality.

Physical Characteristics

- **Cable Type:** 900µm tight buffered
- **Buffer Colour:**
 - TIA-598C colour scheme
 - Single colour Orange (OM1)
 - Single colour Aqua (OM3)
 - Single colour Yellow (SM)
- **Fibre Type:**
 - 62.5/125µm OM1
 - 50/125µm OM3
 - 50/125µm OM4
 - 9/125µm SM
- **Length:** 2 metres

Connector Performance

	Multimode	Single Mode
Insertion Loss Max.	0.3dB	0.3dB
Insertion Loss Avg.	0.25dB	0.25dB
Return Loss Min.	20dB	50dB

In support of our policy of continuous product improvement we reserve the right to change materials and specifications without notice. Drawings, where used, are not to scale. All dimensions are in millimetres and sizes given are approximate. Where possible, technical MSDS data sheets are made available on the website. All products should be installed and used in accordance with manufacturer's instructions provided. Warning: products may be the subject of registered designs and patents. Refer to website for terms and conditions on warranty.
